

For more than a century, we have been shaping progress in our product sector as technology leader – whether it's starter motors, generators, start/stop systems or mild hybridization. Innovation, development expertise and the highest quality standards make us a reliable partner for automotive manufacturers – at 16 locations worldwide.

Our products are not only efficient and durable, but also provide high functional flexibility and the right answers for global product platforms and more stringent CO<sub>2</sub> requirements.

## Process Expert | Finance

Join us in shaping the future of mobility. And yours.

You are there when we work together to shape the future of mobility! Become part of our interdisciplinary, international team at the location in Vila do Conde, Portugal: SEG Automotive Portugal, Unipessoal Lda. is the SEG group's Shared Service Center.

### How your future looks like with us

- Act as the go-to expert for specific topics/area within Accounting & Reporting, supporting global and local teams.
- Define and document finance-related processes, ensuring alignment with business needs and compliance standards.
- Develop and maintain up-to-date guidelines and procedures across the finance function.
- Support and lead initiatives related to ERP migration or other relevant projects.
- Act as a liaison between the finance operational team and IT, ensuring smooth communication and successful project delivery.
- Perform Business Analysis tasks as required, contributing to the overall effectiveness of the team and projects.
- Identify automation opportunities and drive digital transformation.

### What you bring with you for a future with us

- Degree in Business Administration, Economics, Accounting or similar area;
- Fluent command of the English language is required.
- 5+ years of experience in similar roles;
- Experience with SAP migration projects (ideally S/4Hana) and inventory accounting, consolidation, and reporting is a plus;
- Strong knowledge of accounting processes and how to improve them as well as designing and documenting;
- Ability to translate business needs into technical requirements;
- Proficiency in SAP Finance module and ability to use it across business processes;
- Skilled in facilitating stakeholder alignment, defining goal-oriented action plans, and effectively resolving conflicts to ensure smooth collaboration and decision-making.

### What we will offer you in the future

- The opportunity to work in a **Great Place to Work**, with a lot of innovation, scope for design, and responsibility. This is supported by attractive additional benefits, such as flexible working hours and a hybrid working model.
